

QUALITY MANAGER# SUPPLIER

To Whom It May Concern:

I have worked with Mr. Daryl Guberman for the past four years at XXXXX since I have become the Quality Manager at this facility.

It has been my pleasure to work with Mr. Guberman on a verity of quality issues between our companies. Mr. Guberman has exhibited outstanding commitment to the quality issues in representing his company and customers. He has always displayed himself on a professional level. Mr. Guberman has an excellent background for quality and his passion for the ISO system. He has worked very closely with me in the past in helping me to install the ISO 9000:2000 system.
