“I wanted to thank you for assisting us in achieving a “Grade A” rating for our most recent audit. Your guidance in getting us ISO 9001:2008/AS9100 Rev C certified from G-PMC,LLC was truly an instrumental tool in the cultivation of our newest customer. Your representation as our VP of Quality is appreciated since you bring a vast array of experience and knowledge along with a great personality. Thank you for all your help we could not of achieved this without you. The auditor told me we would be their prime and only Grinding Company for their entire company”
